THROUGH NATURE IN SILENCE

Are you interested in education, volunteering, research projects, or just spending time outdoors in peace and quiet? All this can be found in the magical northern part of Krka National Park. As part of the project Known Krka – hidden treasures of the upper and middle course, three walking trails have been constructed, two electric ships launched, and in Puljana, the Krka Eco Campus has been opened, as a visitor education centre with accommodation capacities.

Zanima vas edukacija, volontiranje, istraživački projekti ili samo boravak u prirodi u tišini? Sve to nalazi se u magičnom sjevernom predjelu Nacionalnog parka „Krka“. U sklopu projekta Nepoznata Krka – skrivena blaga gornjeg i srednjeg toka uređene su tri pješačke staze, porinuta dva broda na električni pogon i otvoren Eko kampus „Krka“ u Puljanima, posjetiljski centar edukativnog karaktera s prikladnim kapacitetima.

Nikola Birin is an innovative winemaker who works necessarily on increasing the quality and brand awareness of the wine varieties grown in the area, especially Babik, Debar and Marušnik. We especially recommend Birin's Rose wine, which brings the perfect balance of aroma and colour and is bound to refresh even the most fastidious palate. You can taste and find out more about the wines in the Vodice region at Birin's tasting room, which is integrated with the winery.
